—MAXINE, GERMANTOWN

"I remember walking out of the high school after taking the ACT and thinking, 'I don't know what I would have done without the ACT Prep class.'"

—MATT, MENOMONEE FALLS

"The ACT Prep Plus course really did help me prepare for the test. I couldn't have asked for better teachers. It's nice to have teachers who really care about their students."

—JASON, HAMILTON/SUSSEX

"I feel this class really has better prepared me for taking the ACT. The information handed out and the class being spread out over a few weeks really helped. My scores have already improved in the practice tests. Thank you very much for taking the time to work with us!"

—ANONYMOUS, RACINE CASE

"I recently found out my ACT score and I really wanted to share it with you because your class really helped. I got a 35. I went up five points!!! Again I really think your class helped a lot to raise my score that much. Thanks."

—KATIE, BROOKFIELD EAST

"I wanted to let you know that your class helped Allison very much! She said her score improved by five points!! This is a huge bump up, and we are most grateful for that improvement. Allison attributes this in part to gaining an understanding of the pace of the exam; she noticed that in the practice test, she was moving too slowly and needed to get going to finish the exam. This was a good example of the need to balance carefulness with some speed."

The test is taken during the junior or senior year. The ACT consists of four multiple-choice tests:

Optional writing test		30 minutes

SEVEN WEEKS TO A BETTER ACT SCORE

WHY 7 SESSIONS?

Our 16 hour course is spread over seven weeks and allows students to absorb and retain more information compared to a one-day class. Class sizes are between 12-30 and are instructor-led. Many other ACT preparation classes are offered in a one day session by other companies. One day options may be enticing, but hour-for-hour, they are more expensive, less effective for retention and class sizes can reach up to 75-80 students.

OUR PROGRAM CURRICULUM

- Session 1** Students take ACT pretest
- Session 2** Focus on English content area
- Session 3** Focus on Math content area
- Session 4** Focus on Math content area
- Session 5** Focus on Reading/Writing content area

- Session 7** Full 3 and 1/2 hour practice test

After students take tests, they get correct answers and explanations for each question.

For their final session, students take a full 3-1/2 hour practice ACT test on a Saturday – like “test-driving” the real thing! Then students learn their scores and correct answers ... the best way to prepare for the actual test.
